STARTING POINT

- Lack of exploitation of digital and advanced manufacturing technologies
- Sectors unknown to each other

GALACTICA'S SMART INDUSTRY

- New overlapping value chains
- Digital industries
- Exploitation of Smart Industry
- Cross-sectoral collaboration

GALACTICA SUPPORT MECHANISMS

3M€ IN FINANCIAL SUPPORT FOR SMES:

2 open calls (2,8M€), travel vouchers (100k€) and hackathon prizes (2x50k€)

Here are the number stats
after the **1st Round!**

24 Submissions

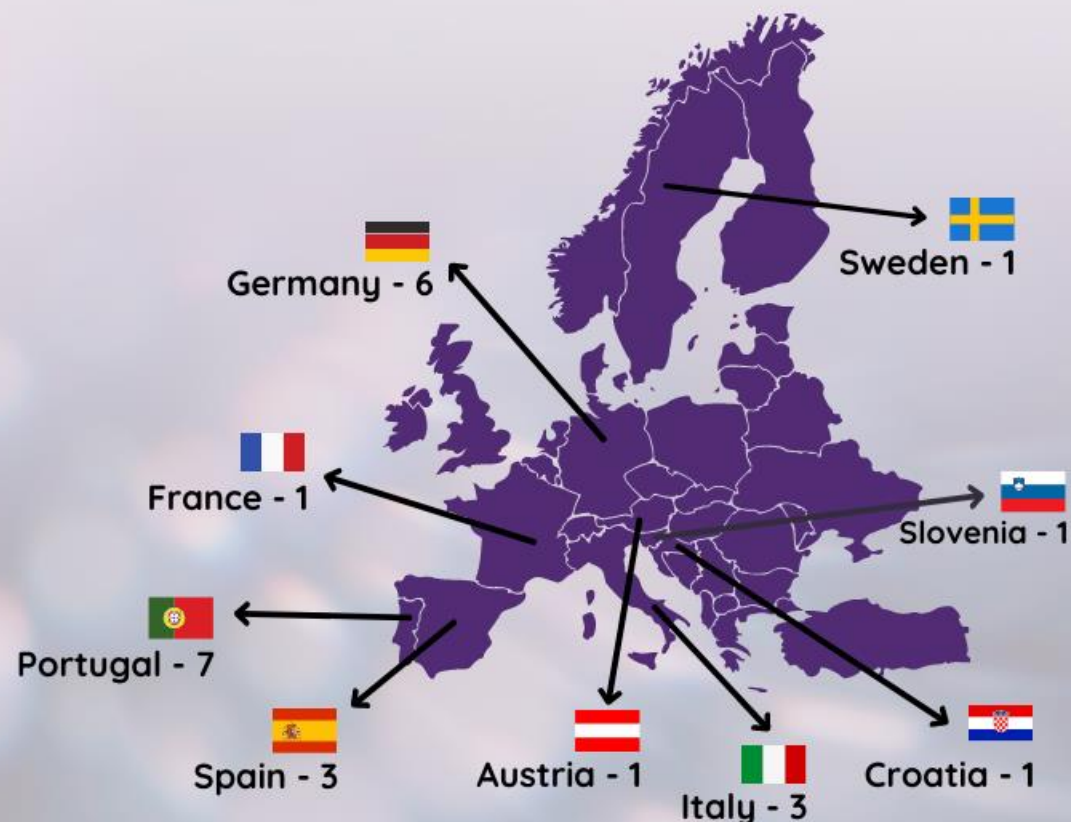

Single SME/ Startup Team - 16

Multiple SME/ Startup Team - 2

Student Team - 6

WEBINAR

How to convert bright ideas into business
The role of co-creation methodologies and open innovation experiences

Date: 09 April 2021
Time: 10:00AM CET

Speaker:

Mr Fernando Conesa

Director of the Technology Transfer Office
Universitat Politècnica de València (UPV)
(Spain)

Advanced Technologies for Textiles and Aerospace sectors	Available online
Overview of technologies in textiles / aerospace and Industry 4.0	Available online
Business Plan Development Guide for Startups	Available online
Product certification and integration in aerospace: Best practices, barriers and solutions in aircraft	Available online
Aerospace technologies for textile sector: automation and digitalization opportunities	Soon available
How to convert bright ideas into business. The role of co-creation methodologies and open innovation experiences.	09/04/2021, 10:00 – 10:45 AM
How to craft a killer pitch : what makes a business pitch effective?	14/04/2021, 10:00 – 10:45 AM
Advanced manufacturing technologies for improving textile product environmental and social sustainability.	20/04/2021, 5:30 - 6:15 PM
How to develop an IP strategy	26/04/2021, 4:00 - 4:45 PM
Example of a project combining advanced manufacturing, aerospace and textile: automated production line of textile composites for aeronautical applications.	30/04/2021, 11:00-11:45 AM
