## 1. ABOUT GALACTICA

GALACTICA aims to bring Europe to the forefront of textile and aerospace. **GALACTICA aims to support the creation of new industrial value chains around textile and aerospace based on advanced manufacturing across EU by the development of long-term internationally competitive goods and services that require combining different competences and innovative solutions.**

### **GALACTICA's strategy is:**

1. Cultivation within an open collaboration space focused on supporting SMEs to change the mindset about digitalization and empower them to start partnerships.
2. A set of dedicated grants complemented with coaching and technological vouchers to assess the feasibility and small technical tests aimed at minimum viable products of a new value chain.
3. Large scale demo of the new value chain with a dedicated grant for SME consortia with coaching and technological support.
4. Scale-up support to leverage additional funds. GALACTICA will connect successful SMEs with private investors and other initiatives for scaling up the innovations.

New value chains will find synergies with RIS3 policies through partners' active participation in different S3 Thematic platforms on industrial modernization and S3 Vanguard Initiative pilots (3DP, ESM and RegioTex).

GALACTICA's **key ambition** is to reshape and transform the industrial manufacturing value chains using advanced manufacturing as a cornerstone for different sectors.

In order to foster **cross-border participation** in the different events organized by the project, GALACTICA will offer travel vouchers to cover expenses incurred during the participation in the events.

## 2. GENERAL INTRODUCTION TO TRAVEL VOUCHERS' SUPPORT

GALACTICA aims to foster cross-border and cross-sectoral collaboration in the different events it will organize such as B2B matchmaking events, learning expeditions with workshops, hackathons and the final event.

GALACTICA will provide financial support to selected participants with Travel Vouchers (up to 1.000 € lump sum) to attend the events organized by GALACTICA. These activities will be organized with the main aim to create cross-sectoral synergies and foster networking among the GALACTICA key sectors: textile, aerospace and advanced manufacturing.

The goal of the travel vouchers is to facilitate the seeding of cross-sectoral and cross-border collaborations before the second call for proposals within the GALACTICA project, expected by early 2022.

This document reflects the general framework for the travel vouchers. Each individual event will launch its specific call for expression of interests around 45 to 60 days before each event. The general regulations are framed within this document.

The summary of the procedures is as follows:

- (1)** A Call for Expression of Interest (Eoi) will be launched to invite participants requesting a travel voucher. The Call will include the detailed timeline for application, the total budget for travel vouchers, and the number of expected participants per event. In some specific calls for Eois, participation will be restricted and detailed in the call.
- (2)** Applicants are invited to fill in an event-specific application through GALACTICA online submission platform. All the information provided should be completed in English.
- (3)** If the filled Travel Voucher application forms are eligible, then they will be evaluated and ranked taking into account the sectoral balance (40%), Eoi reception time (30%) and gender balance (10%); Additionally, priority will be given to cross-border participants (20%). This step will be addressed firstly by AEI Tèxtils and validated in the GALACTICA Evaluation committee.
- (4)** At least one month before the event, GALACTICA will communicate the awarded participants directly and proceed with the signature of a sub-grant agreement.

The full list of eligible activities will be published on the project website ([www.galacticaproject.eu](http://www.galacticaproject.eu)) with its corresponding call for expressions of interest.

## 2.1. AVAILABLE FINANCIAL SUPPORT

**The total budget reserved under GALACTICA for travel vouchers is 100.000 €.**

The maximum budget will be available as following for each of the eligible activities:

- Hackathons: 16.000€ (around 10.000€ for SMEs/Startups and 6.000€ for students)
- Workshop and industrial learning expedition participation: 52.000€
- Matchmaking event: 21.000€
- GALACTICA final event: 11.000€

The consortium reserves the right to shift the total budget within a 20% margin among the different eligible activities.

Before each event, a specific call for Expression of Interest will be launched indicating the maximum budget available for each individual event.

## 2.2. FINANCIAL SUPPORT CALCULATION

The maximum financial support per travel voucher is 1.000€.

In total, SMEs can receive up to 2k€ in financial support through travel vouchers. Students are limited to a single voucher for participating in the hackathon final (if selected) up to 1.000€.

Travel voucher will be based on lump-sum calculated with the sum of the following items with a maximum amount of 1.000€:

- Travel distance (based on straight line distance)
  - o More than 300 km within the same country: 150 €
  - o Cross-border: 300 €
- *Per diem* amount up to 250€ calculated with the number of days of the event within the official agenda. Exact *per diem* will be announced in each call for Eols.

Each call for Expression of Interest will indicate the final voucher calculation for the event based on its agenda.

Applicants are entitled to apply and benefit from more than one type of GALACTICA vouchers, with a combined maximum funding of 60.000 € per SME. In cases where the maximum funding might be reached, GALACTICA will adjust the total value of the travel voucher to enforce this limit.

**The publication of event-specific calls for expression of interest (Eol)** will indicate the total budget for travel vouchers. Each event will have assigned a maximum number of eligible participants split by SMEs and students (in case they are eligible) for a travel voucher according to the event-specific innovation methodology. Participants eligible for reimbursement will be limited to cross-border travel or more than 300 km for domestic travel, participants not fitting these requirements shall bear their own costs.

Maximum one application will be granted per SME per GALACTICA event, except for the hackathon where 2 to 3 participants might be eligible.

### 3.2 ACTIVITIES ELIGIBLE FOR FINANCIAL SUPPORT

The Travel voucher covers the expenses of SMEs **to attend a cross-sectoral GALACTICA activity**, more specifically B2B matchmaking events, learning expeditions with workshops, hackathon final or the GALACTICA final event.

The Travel voucher for students covers their expenses **to attend and participate in the hackathon final**, only if they are selected for the final.

Successful applicants shall receive the requested financial contribution in the form of a lump sum.

A lump sum is a fixed amount of money that can be used by beneficiaries for travel purposes related to their participation in a GALACTICA eligible event. Since the granting of a lump-sum does not foresee the delivery of a detailed financial reporting, the use of the project budget will be controlled considering the participation in the event with the attendance list and the completion of the survey. However, beneficiaries will have to keep the original documents of their expenses (invoices, travel documents) in case of an audit, the following rules and limitations per type of VOUCHER scheme must be respected.

Only costs generated during the lifetime of the voucher can be eligible.

The financial contribution for the eligible costs of the travel voucher scheme will be given to the selected SMEs in a form of a **lump sum**.

#### Eligible costs are:

- **Travel costs:** transportation (flight, train, mileage or similar) to arrive at the venue of the event. Fixed at 150 € for national travel (more than 300km in straight line<sup>1</sup>) and 300€ for an international event.
- **Accommodation, meals and other personal allowance to participate:** fixed per diem allocation of up to 250€ per day of the event attended and with signed attendance. Per diem will only be eligible for days included in the official agenda. Exact per diem rate will be established in each individual call for Eols.

## 5. EVALUATION AND SELECTION CRITERIA

Travel Voucher applications will be gathered and assessed by AEI Tèxtils with a first on rolling eligibility check and the objective scoring at the deadline.

Submitted applications that have been considered eligible will be ranked based on the objective scoring and approved by the GALACTICA Evaluation Committee consisting of representatives of GALACTICA partners.

The evaluation and ranking of the applications are based on a set of objective criteria in addition to the above-mentioned main eligibility requirements. The following table explains the different aspects which will be considered for each evaluation criterion.

Evaluation criteria	Sub-criteria	Max. Score
<b>1. Sectoral Balance (40%)</b>	Inversely proportionally to the number of applicants by each GALACTICA sector <sup>2</sup>	20
	Membership in a GALACTICA partner	20
<b>2 Expression of interest reception time (30%)</b>	Submission time ranking with 3 points decrements <sup>3</sup> . <i>No negative scores will be awarded.</i>	30
<b>3. gender balance (10%)</b>	Inversely proportionally to the number of applicants by each GALACTICA sector <sup>4</sup>	10
<b>4. Cross-border participation (20%)</b>	Is the travel voucher requested cross-border? (Yes 20 points, no 0 points)	20
<b>Total score</b>		100

In case of tied scores, the GALACTICA Project Coordinator will prioritize based on the score of Cross-border, sectoral balance, gender balance and lastly reception time.

All participants subject to travel vouchers will be notified by e-mail at least 30 days prior to the event, with the outcome of the evaluation and selection procedure with instructions for further steps in the case the applicant is awarded a Travel Voucher. By this time, the selected applicants will also be requested to sign a formal **sub-grant agreement** with the GALACTICA coordinator within ten days from notification.

<sup>2</sup> Sub-criteria score will be calculated as follows:

Sub-criteria for sector X =  $20 * [1 / \text{Sector } x \%] / [\text{Max } (1 / \text{Sector (all) \%})]$

<sup>3</sup> First submission score = 30 points, 2<sup>nd</sup> 27 points, 10<sup>th</sup> submission = 0 points, afterwards 0 points.

<sup>4</sup> Sub-criteria score will be calculated as follows:

Sub-criteria for gender balance =  $20 * [1 / \text{number of [male or female] participants \%}] / [\text{Max } (1 / \text{number of participants})]$

## 6. MONITORING AND REPORTING PROCESS

Participants will need to sign the attendance sheet for each day of the event for which they have received a travel voucher. The lack of signature is considered a breach of the contract and will invalidate the travel voucher awarded.

Maximum 1 (one) month after the eligible event, as it will be defined in the contract, the GALACTICA beneficiaries shall respond to the event survey.

The purpose of the above is to evaluate:

- the degree of fulfilment of the goals for the event;
